

QUEEN'S WHARF & RIVERSIDE STUDIOS

RESIDENTS' BULLETIN #1

NOVEMBER 2014

London homes,
the Mount Anvil way

DEAR RESIDENT,

This is the first bulletin for local residents from Mount Anvil and the build team at Queen's Wharf. We will be issuing further bulletins throughout the demolition and construction phases.

We are writing to advise you that we have reached the structural demolition phase of Queen's Wharf, soon to be followed by the Riverside Studios buildings. This work will begin at the end of next week. The necessary machinery will be delivered to site prior to the start of work. We will be doing everything we can to minimise the impact of demolition works.

We'll be delivering your second residents' newsletter next month, with a comprehensive summary of progress on site.

If you have any questions please email bgoding@mount-anvil.com. Alternatively call on 020 7776 1821.

All the best,

Bradley Goding
Project Manager
