

*I support the efforts of the Considerate Constructors Scheme - since it began in 1997 it has contributed towards a radical improvement in the image of the construction industry.*

*With the support of some of the largest contractors, clients and industry bodies, the Scheme has enabled people to benefit greatly from construction projects that not only respect and support their communities whilst in operation but leave behind lasting legacies.*

*The Industrial Strategy for Construction, Construction 2025, set out a clear need for the construction sector to improve its image, and I would therefore encourage all relevant construction activity to be Considerate Constructors Scheme registered.*

# Construction work in your area

Building work registered  
with the Considerate  
Constructors Scheme is  
currently operating in  
your area.

## What is the Considerate Constructors Scheme?

The Considerate Constructors Scheme is a non-profit-making, independent organisation founded in 1997 by the construction industry to improve its image. Construction sites, companies and suppliers voluntarily register with the Scheme and agree to abide by the Code of Considerate Practice.

## What is expected of registration?

Registered sites, companies and suppliers commit to adhere to a Code of Considerate Practice. They will:

- Care about Appearance
- Respect the Community
- Protect the Environment
- Secure everyone's Safety
- Value their Workforce

All registrations with the Scheme are monitored by an experienced industry professional to assess their performance against this Code, and should do all they can to reduce any negative impact they may have on the area in which they are working.

## The Considerate Constructors Scheme seeks to:

- Minimise any disturbance or negative impact caused by any construction activity to the neighbourhoods and communities, including: noise; dirt; dust; parking; behaviour; inconvenience; or any other inconsiderate practice.
- Encourage even higher levels of consideration towards all those affected by construction activity.
- Recognise and reward constructors' commitments to raise standards of site management, safety and environmental awareness beyond statutory requirements.

## What does this mean to you?

If you have any complaints or comments regarding the activities of a registered site, company or supplier, please contact them on the number displayed on their poster or contact the Scheme's administration office on 0800 783 1423. Alternatively, please visit the Scheme's website [www.ccscheme.org.uk](http://www.ccscheme.org.uk)

## Identifying if construction activity is registered:

Construction sites that display a banner or poster, like the ones shown here, are registered with the Considerate Constructors Scheme's Site Registration.

## Construction sites

Construction companies that display a poster or sticker, like the ones shown here, are registered with the Considerate Constructors Scheme's Company Registration.

## Construction companies

Construction suppliers that display a poster or sticker, like the ones shown here, are registered with the Considerate Constructors Scheme's Supplier Registration.

## Construction suppliers
